Wednesday, February 5, 2020, 2:00pm ET

PRESENTER: Danielle McGeary

Danielle McGreary, CHTM, PMP, Vice President of Healthcare Technology Management at AAMI.
Danielle's work experience includes District Manager at Aramark, Healthcare Technology Director of Clinical Engineering at VA Boston Healthcare System, and Clinical Engineer & Project Manager at Hartford Hospital. She holds a B.S. and M.S. in Biomedical Engineering.

WEBINAR AGENDA: This 60-minute webinar will feature Danielle McGeary, AAMI's VP of Healthcare Technology Management (HTM). Join Danielle as she "unpacks" AAMI's new "HTM in a Box" tool and shows you how you use it to promote the field to all different age levels. With fewer qualified candidates in the hiring pool and an aging workforce, recruiting new HTM professionals is more important than ever. With "HTM in a Box," AAMI has helped make promoting HTM easy! Let's all fight the workforce challenge together!

Webinar Wednesday would like to thank our sponsor AAMI! The Association for the Advancement of Medical Instrumentation (AAMI) is a nonprofit organization founded in 1967.
