

Steve Maull presents:

Introduction to Contrast Injector Operation and Service

Sponsored by: Maull Biomedical Training, LLC

Wednesday, May 18, 2016, 2:00pm ET

PRESENTER: STEVE MAULL, FOUNDER AND PRESIDENT

Steve Maull is the Founder and President of [Maull Biomedical Training, LLC](#). After joining the Air Force in 1991, he served as a BMET for 7 years before becoming a BMET Instructor and Curriculum Developer for the Air Force and newly developed Department of Defense BMET School at Sheppard AFB, TX. He left the Air Force in 2001 and became an instructor at DITEC where he taught X-ray, clinical lab and PACS and DICOM. In 2008 he started Maull Biomedical Training with the express purpose of providing high quality contrast injector service training.

WEBINAR AGENDA: This 60-minute webinar will provide an introduction to contrast injectors. The presentation will cover what contrast injectors are used for, the three different types and the proper operation of a contrast injector. An introduction to concepts involving PMs and Calibration will be covered, as well.

Key points include:

- Brief description of Angiography
- Modalities that Utilize Contrast Media and Why
- Controls and Indicators
- Routine Operation
- Items of Interest During a PM and Calibration
- Tools and Test Equipment Needed

TechNation would like to thank our sponsor Maull Biomedical Training!

Maull Biomedical Training provides training on contrast injectors manufactured by Bayer/Medrad and Liebel-Flarsheim/ Covidien. With over 25 years biomedical service and training experience in the military and civilian sector, we can provide high quality injector training that will allow you to perform your own operational inspections, preventive maintenance, calibrations/calibration verifications and repairs.
