WEDNESDAY

WebinarWednesday.Live

Simeon Utubor, Leon Lerman and Ben Person present:
Cybersecurity Roundtable

Sponsored by:

Cynerio

MEDIGATE

nuvolo

Wednesday, July 24, 2019, 2:00pm ET

PANELISTS:

Simeon Utubor, Director/Pre-sales Engineering at Medigate.

Leon Lerman, Co-Founder & CEO of Cynerio. Leon brings over a decade of experience in cyber security enterprise sales, channel sales and business development to establish Cynerio as a leading vendor in the healthcare cybersecurity space. Prior to Cynerio Leon was director of sales at Metapacket, where he led the go to market strategy & execution. Prior to that, Leon held sales & sales engineering positions at RSA security, helping the largest enterprises in the region to solve their security problems. Leon served as an expert intelligence officer at 8200 in the IDF.

Ben Person, Vice President of Product Marketing at Nuvolo. Ben leads the solution consulting team and helps HTM teams implement and maintain clinical enterprise asset management solutions.

WEBINAR AGENDA: Cybersecurity continues to be an important and hot topic in health care, especially in the HTM community. Webinar Wednesday reached out to several experts in cybersecurity to find out more about challenges, recent developments, threats specific to the health care industry, and more.

Webinar Wednesday would like to thank our sponsors!

Medigate's comprehensive and accurate device discovery capabilities combined with clinical-contextual anomaly detection enables automated, rule-based, clinically driven security policies that keep clinical networks and patients safe.

For more information visit www.medigate.io

Cynerio provides security teams with full visibility into connected medical and IoMT devices, with the ability to assess the relative risk and to prioritize mitigating actions based on the impact on patient safety. Cynerio's solution is custom-designed for healthcare organizations to protect their medical equipment based on their unique electronic signatures and the role they play in clinical workflows which is critical information not addressed by IoMT cybersecurity systems.

For more information visit www.cynerio.co

Nuvolo is a modern, cloud-based EAM platform that meets the highest standards for ease of use, performance and online and offline mobility capability for managing clinical equipment for healthcare providers. Visit www.nuvolo.com for more information.
