Matt Tomory

presents:

**Avoiding Big Failures Without Big Expenses
With 4 Easy Steps**

Sponsored by:

INNOVATUS
imaging

Wednesday, July 22, 2020, 2:00pm ET

PRESENTER: Matt Tomory

Matt Tomory, VP of Ultrasound Center of Excellence at Innovatus Imaging. Matt's professional life includes almost a quarter century of the technical aspects of diagnostic ultrasound including service engineer, service management, technical support, technical writing, technical training, system applications and research and development. After twenty years on the technical side of the business he decided to focus on the sales, marketing and operations facets of the industry. "I enjoyed virtually every aspect of medical imaging which has led me to where I am today: working with healthcare providers to find comprehensive, cost effective, data driven solutions to the challenges faced in today's healthcare environment."

WEBINAR AGENDA: This 60-minute webinar will feature Matt Tomory, Vice President of Ultrasound Center of Excellence, at Innovatus Imaging. When it comes to imaging devices, little things go a long way. And not always in the right direction. A little slip of the hands could cause trauma to a TEE probe, and according to years of data from first-hand experience and researching common failures, trauma is one of the leading reasons for costly repair services. In this session, attendees will learn to identify the little changes to the daily routines of cross-functional teams that can have a big impact on lowering costs associated with downtime and repairs. They will learn to identify opportunities for improvement, establish goals, metrics, checkpoints and work with end-users to take routine processes to a new level.

Webinar Wednesday would like to thank our sponsor Innovatus Imaging!

Innovatus Imaging sees beyond boundaries to help health care professionals provide better patient care. The company offers the widest breadth of repair capabilities, taking a holistic approach by coupling reverse engineering and rigorous testing to ensure the highest quality of repair and yield rates. 2020 HTM MIXERS

DENVER, CO • MILWAUKEE, WI • ORANGE COUNTY, CA

TRAVELING TO AN HTM MIXER IS EASY AS...

1

HTM Mixer COLORADO

August 19-20
Broomfield, CO (Denver)

2

HTM Mixer WISCONSIN

October 1-2
Milwaukee, WI

3

HTM Mixer CALIFORNIA

December 9-10
Orange County, CA (Costa Mesa)

ABOUT

We continue to monitor COVID-19 very closely. This is an unprecedented and fluid situation, and we are planning our future events with the well-being and safety of all as our top priority. MD Publishing wants to be a leader in restoring conferences to the HTM community.

We are moving forward with our events in 2020 but in a new, safer format and by supporting state HTM associations.
